

Remarks/Arguments

This Amendment is submitted (a) to recite a factual continuation-in-part linkage with a prior-filed, earlier-copending patent application (now a U.S. Patent), (b) to correct a pair of minor typographical errors in the Specification, and (c) to introduce formal drawings.

Additionally, a Supplemental Information Disclosure Statement, and fee, accompanies this Amendment.

Favorable consideration of this application, and allowance of all claims herein, are respectfully solicited. If the Examiner has any questions regarding the amendment or remarks, the Examiner is invited to contact Attorney-of-Record Jon M. Dickinson, Esq., at 503-504-2271.

Amendments to the Drawings

Five (5) plates of formal drawings are submitted herewith as Replacement Sheets to replace five (5) Replaced Sheets of originally filed informal drawings. All of these Sheets are included in the ten (10) page **Appendix** which forms part of this Amendment. No new matter has been introduced.

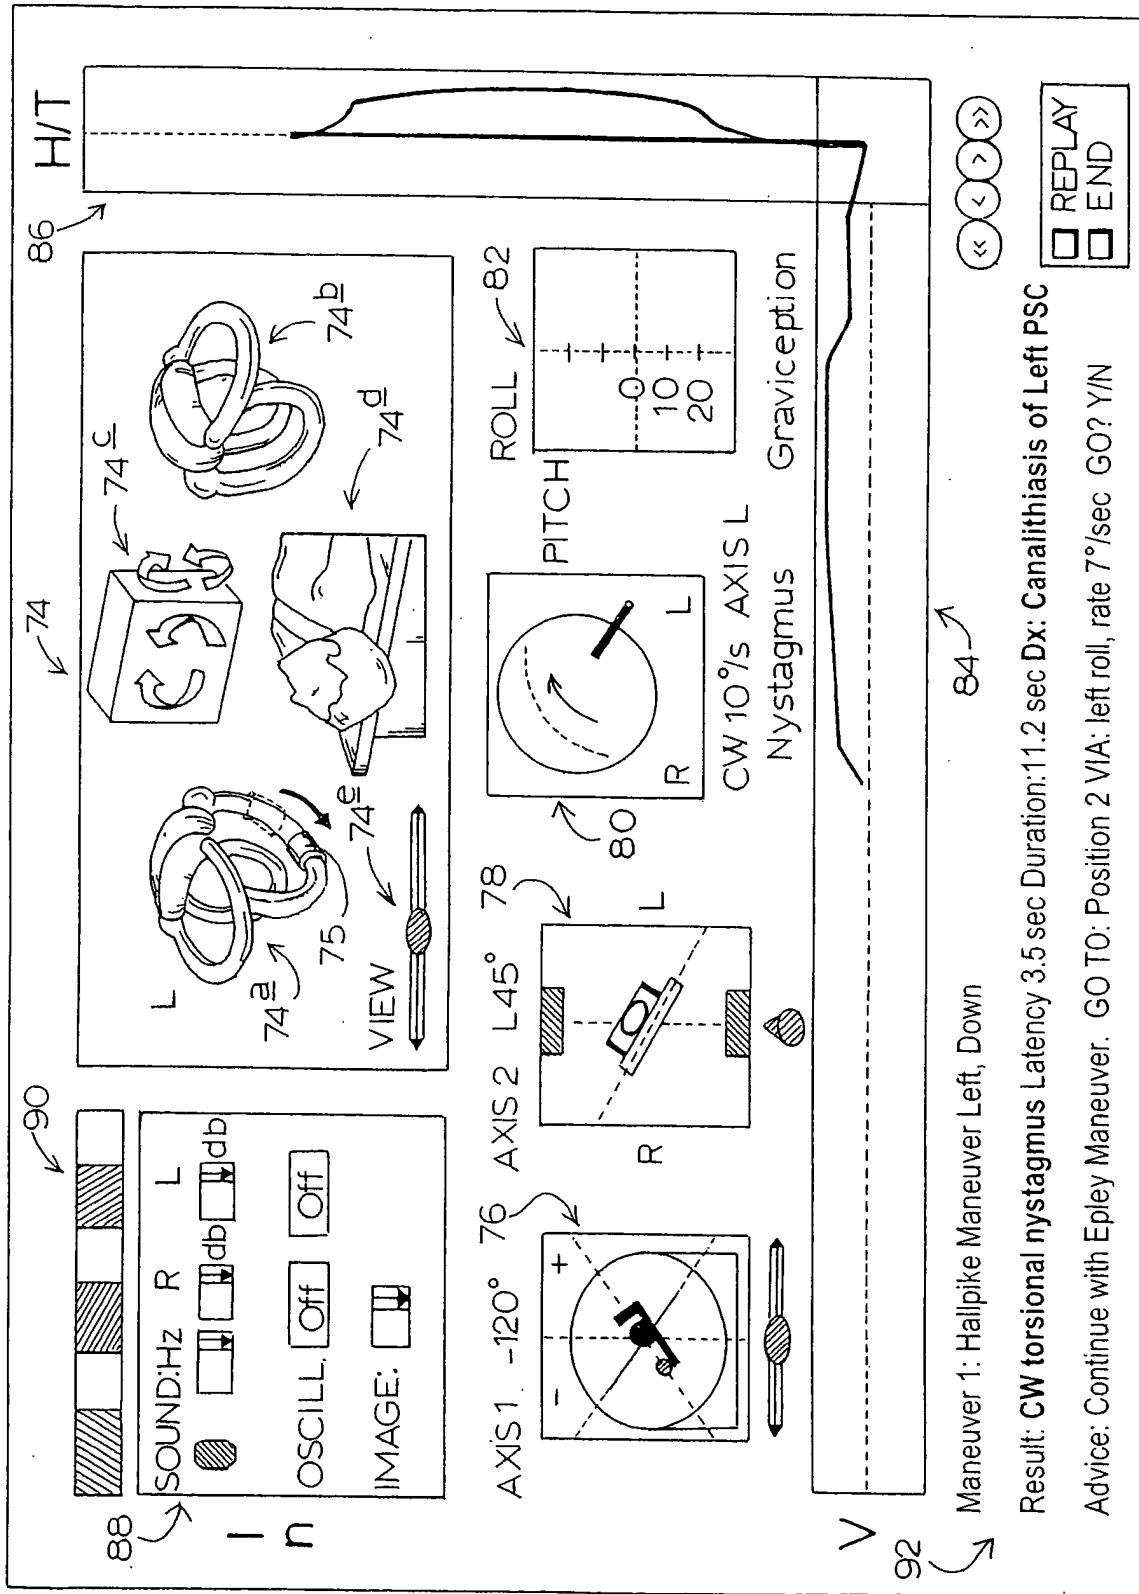

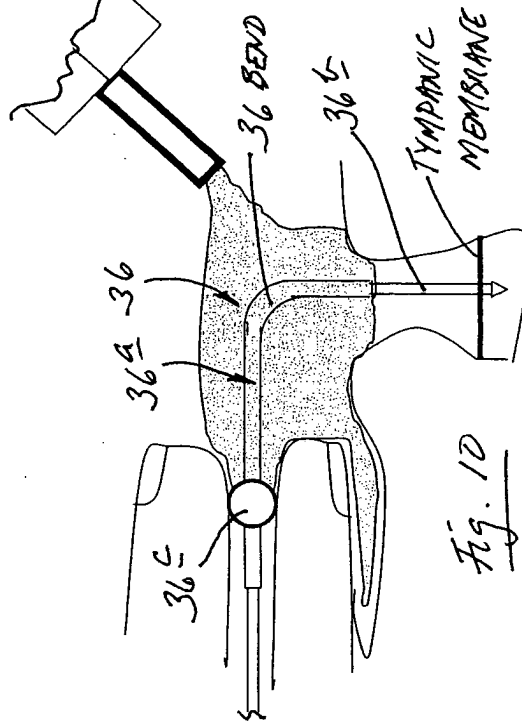

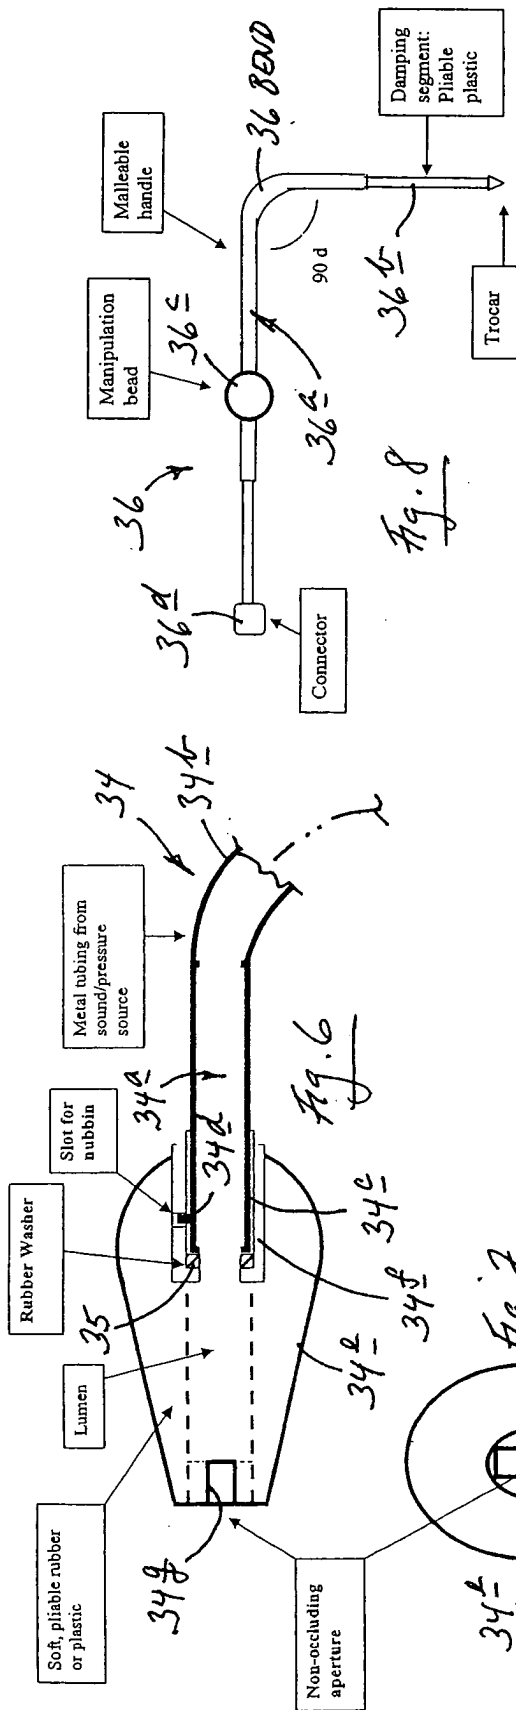

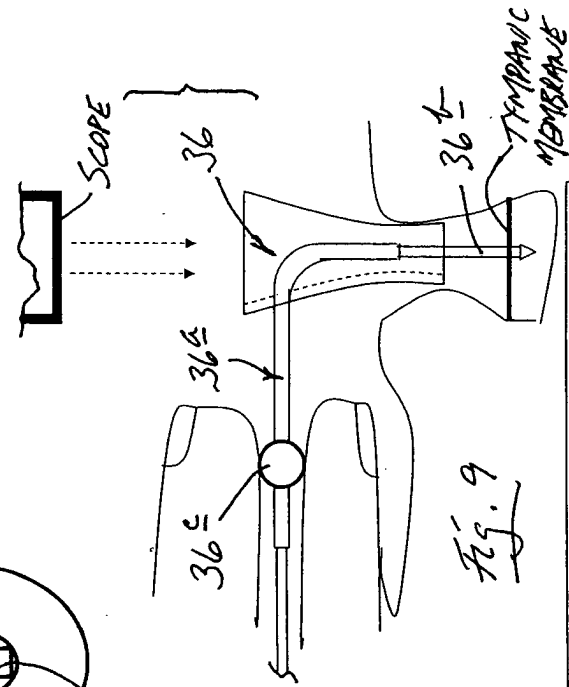

Fig. 5

With fingers braced against head to stabilize trocar, remove speculum and inject molding material into area.

Insert trocar thru TM under direct view of scope, guiding by rolling bead between fingers. Handle fits thru slot in speculum.
